Hi Tony,

I am taken aback by this. Attending meetings and preparing the minutes is part of my job description and is required in the Board's Policy and Procedures Manual.

When did the Board take action to make this decision? I am unaware of any such motion. Furthermore, any change to the Policy Manual would have require two readings. I don't recall this having happened.

I will, of course, comply with your direction.

Regards,
Lynn

The board would like to have a trial run with the transcription service and see if it meets their needs for the minutes. Not necessary for you to attend The Board Meeting in a compensated staff capacity or complete minutes.

Okay.

Is there a transcription for the early May meeting to include?

Am I to prepare minutes for the most recent Board meeting?

Just want to ensure that I post all documents on my end.

No staff report needed. Letter added to agenda and posted.
